

Games

Zoombinis, an award-winning adventure game, engages players in guiding little blue Zoombinis on a "fun but perilous" journey featuring 12 logic and computational thinking puzzles, each with 4 levels of difficulty.

Download the game for [iPad](#), [Android Tablet](#), [Kindle](#), or computer desktop ([Windows](#) or [Mac OSX](#)); check out the [main Zoombinis website](#) or the [Zoombinis for Educators website](#); and if you're an educator wanting to purchase multiple copies of the desktop version for a school or other education organization, [check out Encore](#).

SportsLab

SportsLab is a game-based sport product design challenge that fosters understanding of STEM concepts and motivates youth to engage in potential STEM career paths.
